Accommodation

Sutton Bonington Hall is a Queen Anne period property set in superior landscaped gardens. The Hall comprises of 4 large reception rooms and 6 bedrooms, all of which have individually designed private bathrooms. To this day, the Hall remains in the ownership of descendants of the Paget family. However, the new Millennium brought with it changes to the Hall. No longer a private residence, the Hall provides a homely country house environment. We hope to keep the family atmosphere alive and be true to the history of the Hall, whilst providing you with a first class hotel experience. We do hope that you enjoy the beauty of the Hall and its gardens whilst we provide you with seamless service to enhance your stay.
